NHCA Adventures: History & Science Field Trips

The students of NHCA recently embarked on two exciting field trips, each offering unique learning experiences. Upper elementary and middle school students visited the Constitution Center in Philadelphia, immersing themselves in the rich history of our nation. From exploring the foundations of democracy to marveling at iconic artifacts, they left inspired by the principles that shape our society.

Kindergarten students from the Northeast location ventured to the Franklin Institute. With wide eyes and eager minds, the students marveled at the wonders of science and technology. From exploring hands-on exhibits to engaging in interactive demonstrations, they discovered the magic of discovery and the joy of learning.

As our students return to the classrooms of NHCA, they carry with them the memories and lessons learned from these unforgettable trips. At New Hope Christian Academy, we believe that education extends far beyond the confines of the classroom, and these field trips are a testament to the endless possibilities that await those who dare to explore.

Farewell, Ms. Imani

As the curtains close on another chapter at NHCA, we bid a fond farewell to Ms. Imani, our beloved dance teacher & emotional support extraordinaire. In her time with us, Ms. Imani not only fulfilled her role with unwavering dedication but also went above and beyond, stepping into the shoes of an educator for our youngest learners in Pre-K and Kindergarten.

Though we will miss her dearly, we are grateful for the time we shared with Ms. Imani and the indelible mark she has left on the hearts and minds of our students. As she continues to pursue her passion for dance and psychology, we wish her nothing but success. Thank you, Ms. Imani!
